

TELL CITY WATER DEPARTMENT RELEASES

“CUSTOMER CONFIDENCE REPORT

The Tell City Water Department has printed their annual “Customer Confidence Report” for the year 2022. It is in the newspaper. This report of the water quality and other pertinent information is mandatory from Indiana Department of Environmental Management to be sent or published.

In years past, this report was sent in the mail to all water customers in Tell City. Now, the report may be placed in the local newspaper instead, cutting the cost of the process.

If customers still request a copy, one may be picked up at the Tell City Water Department office at City Hall.

If you have questions, please call 812-547-3266.
